CURRENT STATISTICS

Curbing Climate Change

A framework identifies five pillars for a robust and dynamic long-term strategy on climate change, designed to assist the policymaker and include crucial stakeholders in the decision-making process. **page 12**

Anxieties in Jammu

Historically tracing the Jammu region's relationship with Kashmir, its anxieties from the abrupt changes after the abrogation of Article 370, revoking the state's special constitutional status, are discussed. **page 17**

Effective Pandemic Policy

An analysis of policy mishaps in the context of COVID-19 finds how policies were vulnerable to multiple entangled policy failure mechanisms, creating a complex policy challenge. **page 35**

Bridging the Food Gap

The Food and Agriculture Organization's food security measurement standards lack data on actual food consumption, a gap that needs to be bridged globally. **page 40**

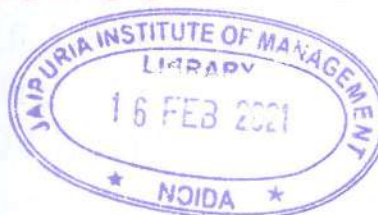

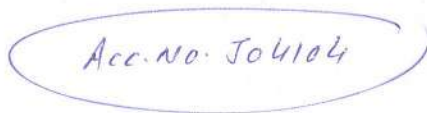

Gendered Desire and Development

Can the various assemblages that have been coded through the variables of desire and gender in contemporary Kerala be used as an index to interrogate development paradigms? **page 48**

POSTSCRIPT

Opening Up Sub-state Diplomacy

There is need to build capacity in Indian states to deal with external marketing and collaboration with foreign sub-state partners, and act as foreign bridge-builders. **page 13**

Delhi's Air Quality Levels

The role of the built environment on variation in air pollution levels in Delhi is examined to identify land development strategies for reducing pollutant concentration levels. **page 19**

Need for Participatory Innovation

The draft Science, Technology, and Innovation Policy, 2020 is a non-starter as a policy on innovation and needs to be redrafted through adequate participatory and collaborative processes. **page 29**

Understanding Mortality Variation

An investigation into the wide dispersion in COVID-19 fatality among India's states shows that their health expenditure is a key determinant of the effectiveness of the public health system. **page 36**

Women in Gandhi's Perspective

M K Gandhi's ideas contributed a new discourse on hegemonic masculinities that informed his perspective of women and their position in society. **page 44**

CURRENT STATISTICS

Competition Calling

The diffusion of technology and availability of complementary technology in the smartphone industry affects its competitive nature and thereby its market structure. **page 13**

Struggles of Self-help Groups

Two major problems for the self-help group movement—regional disparities and the rising share of non-performing assets in SHG loans—require immediate intervention. **page 36**

Women in Tamil *Mahabharatas*

An attempt at simultaneously understanding women's subordination and resistance to the dominant patriarchal social order in the tales from the Tamil *Mahabharatas* **page 29**

Patterns of Urban Growth

The underlying causes for the disparate pattern of rural economic transformation and urbanisation in Gujarat and Rajasthan highlight the need for a regional focus of policy. **page 44**

Women's Groups and Nutrition

A review of the role of women's groups in improving nutrition outcomes discusses the next generation of implementation science and research to actualise their substantial potential. **page 17**

Editorial Principles

Value Research is an independent investment research company. Our goal is to serve our readers with data, information and knowledge that inform them about savings and investments and help them learn how to make better choices.

The basis of our work is the trust reposed in us by our readers. We are independent, fair and honest. We are committed to achieving the highest level of accuracy and impartiality in everything that we publish.

We recognise that the nature of our work is such that it influences decisions that affect our readers' future. We strive to bear this responsibility with humility. We recognise that while it is not possible to be 100 per cent accurate, it is possible to always strive to achieve that standard to the best of our abilities.
