CURRENT STATISTICS

The Future of LIC

The initial public offering will lead to a shift in the focus of business operations from the larger interests of the shareholders and society in general to the maximisation of the value for shareholders. **page 10**

Explaining Inequalities

The role of various components of consumption expenditure and characteristics of population in explaining the levels of inequalities and their change over time is examined with reference to rural India. **page 40**

Illicit Financial Flows

Empirical evidence on the existence of IFFs, trade misinvoicing, round-tripping of funds and the possible role of the foreign direct investments in round-tripping is examined. **page 16**

Measuring Deprivation

Consumption-based estimates of poverty, which have been used in India since the beginning, have limited our understanding in terms of explaining persistence and vulnerability to poverty. **page 50**

Fisheries Subsidies and Ecology

A successful outcome for the disciplines on fisheries subsidies is also a test for the World Trade Organization's credibility as a multilateral negotiating forum and the trading system's ability to respond to the problems of global commons. **page 13**

Based on a case of an iron ore mine in Jharkhand, specific issues pertaining to the precarity of employment for contract labourers vis-à-vis the contractors who employ them are examined. **page 10**

Rise of the Left in Chile

The electoral ascendance of the left is an outcome of the alignment between the demands of the popular social protest and the president-elect's programme of social egalitarianism and political decentralisation. **page 13**

Uneven Growth Recovery

Current growth trends are not an indication of a long-term trend as mixed growth, high inflation, and wider twin deficits would pull the economy below its potential growth curve. **page 16**

Land Pooling Policy in Delhi

The provisions of the land pooling policy are analysed to ascertain how the policy is different from previously used planning tools like land reconstitution and town planning schemes. **page 34**

THINK BEYOND. STAY AHEAD.

REINING IN THE CRYPTO BULL

BUT HOW?

The government can neither give it a free run nor let go of its revenue potential

C O N T E N T S

Crypto dilemma

As India steps into the policy discourse with an already thriving crypto community, several question marks dangle over taxation and regulation.

10

Privacy vs KYC

The entry of KYC in the crypto storyline has left the industry divided. Is it justified or does it go against the very fundamentals of the decentralised system?

32

Block mining

Where the cheers for the booming crypto industry end, the concerns surrounding its impact on the environment begin.
