02 ) masthead

03 ) editorial

74 ) reading room

06 ) myth buster

gender neutral

More than anything else, persistence is the skill women leaders need to cultivate to be successful in the tech industry, says *Pratima Rao Gluckman*.

10 ) cover story:

12 ) fight it young

*Dr Marcus Ranney*, Thrive Global, tells us how the millennial workforce should equip themselves to ensure that stress and burnout do not impact their career and growth trajectory.

20 ) break down barriers

Connecting across generations helps employees share expertise and significantly contribute to helping a company grow economically and culturally, *Chris Westfall*, author of *Leadership Language*, opines.

24 ) dive deep

Retain millennials through empathy and engagement observes *Dr Debashish Sengupta*, Alliance University.

30 ) entitlement, a millennial problem?

How to encourage a collaborative and thriving culture that moves past the generational divide? *H V MacArthur*, author of *Low Man on the Totem Pole*, explains.
