In the context of Sustainable Development Goals, six papers analyse demographic and maternal health-related indicators. **pages 38–80**

Satyashodhak Samaj

The sesquicentennial of the Satyashodhak Samaj has been depressingly uneventful and unacknowledged in Maharashtra. Given that many social movements in the state have been the direct derivative of the Samaj, this peculiar kind of oblivious tendency of one's own lineage will lead to cultural amnesia. Can we afford to be so unmindful of Jotirao Phule and his legacy? **page 10**

Inflation, Poverty and GDP Growth

The Ministry of Statistics and Programme Implementation, after an 11-year gap, released the Household Consumption Expenditure Survey 2022–23. The new source of data is the basic starting point for a new consumer price index, replacing the 2012 base. **page 19**

CURRENT STATISTICS

National Family Health Survey-5

This special issue critically examines the validity and reliability of the National Family Health Surveys and highlights the diversity across several demographic and health outcomes, its regional disparities, policy impacts, and new avenues of using data. [pages 33–80](#)

South Asian Crisis and the US

The allegations of American involvement in Bangladesh serve as a stark reminder to India's strategic community of the need to carefully consider the US presence in its neighbourhood. [page 10](#)

Religion and the Working Class

E P Thompson's work displays a deep ambivalence about the place of religion in the life of the past and the present. [page 13](#)

Donkey Migration

The pursuit of a lavish life in developed countries pushes youngsters to undertake a perilous journey, which turns out to be a sham. [page 27](#)

CURRENT STATISTICS

India's Industrial Transformation

Eight papers focus on key issues pertinent in the context of fostering the manufacturing sector; enhancing its productivity and competitiveness; deepening India's integration with global value chains; and augmenting localisation of production through industrial policy interventions for the creation of decent jobs. The papers review the effectiveness of relevant policy and point to gaps, lessons, and directions. **pages 31–113**

Judicial Indiscipline

The Supreme Court's loss of moral authority and credibility over the last few years has been instrumental in the breakdown of judicial discipline across the country. **page 10**

Adivasi Martyrs and Symbolism

The state's celebration of Adivasi martyrs subordinates the Adivasis further, projecting them as docile citizens and not as owners of forests and territories or equal partners in modern politics. **page 13**

Trivialising the Reservation

Shrinkage in government jobs and widespread discrimination against Scheduled Castes and Scheduled Tribes in the private sector call for affirmative action policies in recruitment. **page 17**

CURRENT STATISTICS

Muslim Occupational Castes

The affiliations and alignments of political associations led by *peshewar birādarīs* are influenced by their local configuration of power in which they are embedded and their immediate economic interests, rather than solely by religious or ethnic identities. **page 48**

Declining Rural Wage Growth

The emphasis on bringing down prices through distortionary and restrictive trade and domestic policies during the NDA regime could have contributed to lower growth in agricultural wages. **page 17**

Anti-immigrant Riots in Britain

The reluctance to call out the Islamophobia in these riots contrasts with the alacrity and readiness to accuse the pro-Palestine protests of “antisemitism.” **page 12**

Autonomous Feminist Organising

The value and principle of feminist autonomy has found newer meanings with the launch of different feminist and queer collectivities in interaction with anti-caste, new left and people’s movements. **page 40**

Investment in Renewable Energy

Initially, through heavy subsidies and a reformed regulatory environment, private investment in renewable energies in India is now recognised as increasing rapidly. **page 10**

HOW TO REDUCE YOUR HEALTH PREMIUM OUTGO

Health insurance premiums have seen a dramatic rise in recent years due to a wide range of factors, including rising medical inflation and rising number of claims. We explore a few ways in which you can reduce your premium costs.

50

SPECIAL Q&A

'IF THE MARKET GOES DOWN 15%, I MAY BUY INDIAN SHARES', SAYS JIM ROGERS

Veteran American investor and commodity expert Jim Rogers opened up in an interview with Nidhi Sinha, as part of the *Wealth Wizards* series, to talk about his life choices, where he would want to invest now and what he thinks about the Indian market.

54

INVESTMENT

WHAT IS THE IDEAL NUMBER OF STOCKS TO HOLD?

With the equity market at an all-time high, you might be tempted to increase your equity holdings. But consider factors such as your investment criteria rather than just go about hoarding stocks.

58

68

IS SENIOR HOUSING FOR YOU?

Many seniors have taken refuge in senior living facilities in their twilight years as their children have moved abroad. While that may help them ward off boredom, they often come at a huge cost, and face challenges such as lack of standardisation.

China	RMB120	Japan	¥1,635 + Tax	Nepal	NR1000	Singapore	S\$18.50 (inc. GST)	Vietnam	US\$14.00

On the cover

An information void threatens to do China grave harm: leader, page 9, and briefing, page 17. The world's second-biggest economy is suffering from a crisis of confidence, page 60

America's killer cars

The country's roads are nearly twice as dangerous as the rich-world average: leader, page 10. Our calculations show that the heaviest vehicles kill more people than they save, page 29

Where Elon Musk is right

Liberals should oppose a crackdown on speech, not cheer it on: leader, page 15. Governments are pushing against encrypted messaging apps, page 51

Mayhem in Myanmar

The ruling military junta is increasingly on the back foot, page 21

Better air-conditioning

Today's systems cool people but heat the planet. New tech could change that, page 67
